(U//~~FOUO~~) In order to put NSA's support to inter-agency efforts to assess and respond to recent and expected media leaks on a robust and sustainable footing, DIRNSA has appointed **Rick Ledgett,** formerly the Director of the NSA/CSS Threat Operations Center, **as the full-time NSA lead for the Media Leaks Task Force**. Effective immediately, and working within the USG's whole-of-government approach, Rick will oversee execution of NSA's response to the ongoing leaks, and assist USG efforts to develop and implement a strategy to get ahead of them.

(U//~~FOUO~~) In his new capacity as the NSA lead for the Media Leaks Task Force, Rick will report directly to DIRNSA, be responsible for NSA's strategy and its execution, to include coordinating strategic external engagement with the White House, ODNI, USD(I), other Executive Branch stakeholders, and Congress. Specific lines of effort under Rick's direction

Approved for Release by NSA on 04-28-2014, FOIA Case # 75702

will include assessment, near-term mitigation, restoration, and communications. While we will augment Rick's efforts with some direct support staff, he will work through and coordinate with NSA's existing Legislative Affairs, Legal, and Public Affairs conduits.

(U//~~FOUO~~) Trum Soule will act as Rick's deputy, while remaining dual-hatted as the NSA Deputy COS. In his role as Deputy, Trum's focus will be on overseeing the execution of the internal NSA lines of effort, working with and through the leads for each.

(U//~~FOUO~~) Rick and his team will coordinate with the specific interagency leads for the many ongoing activities related to the media leaks, ensuring coherent NSA input(s). In order to help us generate timely and coherent support to all USG efforts on this issue, please ensure they are copied on any requests for information or taskings to NSA. Equally important, please use them as the entry point if you're not sure who should get the request.
